'The richness I achieve comes from Nature, the source of my inspiration.'
- Claude Monet

lightweight & flexible natural engineered stone

ROXX is a 6mm thick engineered stone made from natural quartz and granite. ROXX stone technology creates a flexible, hard wearing, highly stain resistant stone surface to enable free thinking designers to apply stone surfaces to countless spaces to sculpt advanced interior solutions.

Advanced designs utilise these beneficial elements by integrating ROXX natural surfaces into interior spaces for living and working environments. Applications include work tops, wall linings, floors and furniture, the style you capture is in your hands.

sophisticated

ROXX 100mm thick island top with overhang at one end and waterfall at other. Matching 40mm galley top behind.

For the discerning individual ROXX can be combined with alternative materials to create statement finishes for a sophisticated point of difference.

You may ask why ROXX, we would rather ask why not! Creative use of stone technology will deliver a stunning design. Here are a few key advantages of using ROXX stone.

- Hard wearing, highly stain resistant
- Natural product - ROXX surfaces are approximately 90% natural granite & stone
- Colour pallets are selected by leading designers to compliment the local environment
- ROXX can be used in work tops, walls, floors and furniture
- Use ROXX to integrate your design
- ROXX combines natural stone with technology to create a truly flexible stone that can be shaped! Apply it to curved surfaces, yes it's flexible!
- ROXX surfaces are covered by manufacturer's limited 10 year warranty
- Light weight and easy to install
- For tiles; large sheet format - up to 1.2m x 2.9m or cut to your size and shape of choice

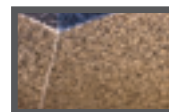

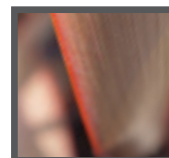

'Study nature, love nature, stay close to nature. It will never fail you.'

- Frank Lloyd Wright

SHAPING NATURE

SHAPING NATURE

ambitious

ROXX 100mm work top with under mount bowl

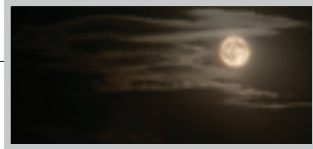

Rich chocolate browns and sinful reds combine with a clean cut stone bench top to create a hard wearing surface for those extravagant nights entertaining.

ROXX is made from granite and stone, two of the hardest stones known to man making it easy to care and maintain. Enjoy the unsurpassed beauty, feel and performance of stone. Enliven your living spaces with ROXX stone technology.

ROXX

timeless qualities

ROXX 6mm stone makes it possible to simply adhere stone to walls! The large panels enable fast application and the hard wearing non porous surface which requires no grout makes ROXX ideal for hard wearing and wet areas.

environmental commitments

How is ROXX committed to reducing its environmental impact? ROXX does not compromise the world we live in or the quality of its products. At 6mm thick, ROXX stone technology utilises fewer environmental resources.

Recycled material and high grade waste materials are used where ever possible. ROXX uses granites from the trailing's (rubble waste) of the granite mines. Finally, all water used during manufacturing is recycled and purified and stone waste from manufacturing is suitable for use in fertilizer. ROXX light weight properties means less resources are required to deliver this speciality product to you.

ROXX Applications

Work Tops	Furniture	Walls	Floors

		Shower linings	
		Lifts	
		High traffic areas	* Tiles cut to customer requirements, please contact your local distributor for more information.

Frequently Asked Questions

<p>Q Can ROXX be scratched?</p> <p>A It is difficult, but can be done with effort! ROXX is made from quartz and granite which are two of the hardest most resilient and durable natural materials on earth.</p>	<p>Q How do I care for ROXX?</p> <p>A ROXX is a low maintenance surface which requires the same care as other stone surfaces. Refer to the Care & Maintenance Guide at www.roxx.co.nz for more details.</p>
<p>Q Does ROXX stain?</p> <p>A ROXX is highly resistant to staining.** It is unaffected by most household chemicals. However like all natural stones care should be taken with strong bleaches, paint strippers and oven cleaners.</p>	<p>Q Will my ROXX product match my sample?</p> <p>A Natural stones can vary slightly from the samples in both texture and colour.</p>
<p>Q Is ROXX heat resistant?</p> <p>A Yes, however like all surfaces we recommend that a heat pad or trivet is always used.</p>	<p>Q Where do I purchase ROXX?</p> <p>A Visit www.roxx.co.nz for your approved dealer.</p>
<p>** Honed and burnished finishes are less resistant to staining because of the finish.</p>	<p>Q What warranty does ROXX come with?</p> <p>A The ROXX panel comes with a 10 year limited warranty.</p>

PRODUCT DISCLAIMER: ROXX is a natural product incorporating the latest technologies. As natural stone forms the basis of ROXX slight variations in colour and structure may occur between samples. Off colour particulate or irregular aggregate distributions of small areas will occur in the surface of engineered stones. This is considered a natural characteristic of the surface.
