

affordable premium engineered stone

Introducing the ROXX **customrange™** of made to order engineered stone work tops. ROXX **customrange™** allows you to access all of the benefits of premium 37mm thick engineered stone at an affordable price.

ROXX work tops infuse natural stone with technology to create hard wearing and highly stain resistant surfaces in stunning contemporary colours. ROXX **customrange™** is available custom sized to fit your home in 605mm and 900mm wide options to cover all of your counter tops, breakfast bars and island tops needs. Select waterfall ends to add a stunning designer element to your counter tops. ROXX award winning engineered stone uses stone technology backed by a 30mm substrate to give you a stunning 37mm thick stone work top combined with the convenience of simplified cost effective installation.

contemporary colours

ROXX Custom-Range is available five colours selected from Australia's most popular colour palettes.

AT005 HG		cartel : A moody white; shaded towards gray with movement and texture from medium grain milky white quartz stone; flat from a distance yet complex close up.	AR001 HG		voodoo : Against a dark, carbon black background, copper coloured flecks of granite shoot life and warmth over this stunning surface; true to the look of the classic Black Galaxy Granite.
AT034 HG		essence : A moody white; shaded towards grey. Texture from medium grain milky white quartz stone; and large grain clear glass, giving great clarity and depth.	AT102 HG		matrix : A large grain mix of translucent & milky white quartz for an adventurous, playful mosaic surface giving an overall soft greyed effect beige from afar.
AT208 HG		pacific : A moody white; shaded towards grey. Texture from medium grain milky white quartz stone; and pacific sea shells.
